

"COUNTRY STORE OPERATIONS DE LUXE" AT THE NORTH PORTAL "branch" are shown above in a slightly different picture of distribution of Y-12 individual safety awards last week. This shows from the inside out the big task of giving out some of the more than 12,000 articles with, from left, Floyd Shook and Lorene Holcomb, both of the Safety Department; and Art Hines, an "extra clerk" from Insurance helping out.

Y-12ers Seen Finding Many Uses For Individual Awards

'Survey Specialist' Reviews Probabilities As 12,648 Articles Distributed In Plant

After checking the list of 12,648 articles distributed last week to eligible Carbide employees as individual safety awards for the 13th and 14th Carbide Safety Periods; one of Y-12's "survey specialists" came up with the following suppositions:

"It seems that 1,649 persons were looking for trouble—they took the trouble lights but found only 1,308 places to use soldering irons. Meanwhile selectors of 1,235 pink-ing shears found themselves being photographed by owners of 957 cameras while in the process of pink-ing (whatever that is). It was a sad night for 947 persons whose spouses tried out their wall can openers instead of cooking some tender chops, so 942 of them hied to the back yards to break in their 942 charcoal grills (they also can double as bird baths) to broil some hamburgers or hot dogs and 914 washed those down with beverages from their thermos bottles.

Meanwhile 779 "do-it-yourself" fans clamped their bench vises in position and by the light of 741 flashlights they hammered, sawed and performed other feats of toil while recording their endeavors with 598 Paper-Mate pens. However, 492 employees who had sought the ease of relaxing on boat cushions were doomed to stand for a while longer as the cushions didn't arrive in time for distribution. They are expected shortly and will be distributed then.

Some cutting up was performed by owners of 479 saw sets, with all blades being given a good try-

K-25 Man Will Address Group On IBM Calculators

J. P. Kelly, of the Operations Analysis Group at K-25, will speak on "Organization and Programming for Magnetic Drum Calculators" at a meeting tonight, Wednesday, May 18, of the Professional Group on Nuclear Science of the Institute of Radio Engineers. The meeting will be at 7:30 p.m. in Room 16 of the Oak Ridge Institute of Nuclear Studies training building on Administration Road.

Kelly's talk will be centered around the IBM Type 650 Calculator. He will describe the operation of the machine as well as relate some of their philosophical aspects.

15th Safety Period Is Broken On May 9

Employee Suffers Broken Leg In Mishap

The 15th Carbide Safety Period established in Y-12 and the second of 1955 was unfortunately concluded on Monday morning, May 9, when an employee suffered an injury that caused a lost time accident. The period extended from March 12 through May 8, inclusive, when 58 days and 2,034,575 man-hours of work were performed without a disabling injury.

According to the official Safety Department report on the accident:

"A steam plant operator was standing between the bases of an air compressor and an electric motor at approximately 9 a.m., May 9. His left foot was placed on the corner of the motor base and the foot became caught in the belt drive from the motor to the compressor. Although the motor had just been switched off, there was enough speed left to enable the belt to catch the foot between it and the pulley. The employee suffered a compound fracture of the left ankle and will be hospitalized for some time."

SAFETY SCOREBOARD

The Y-12 Plant Has Operated
Six Days Or
205,068 Hours

Without A Lost Time Accident
Through May 15

Cafeteria To Be Closed From May 27 To June 27 For Extensive Remodeling Of Dining Room, Kitchen

New Equipment Seen Increasing Comforts

The Y-12 Cafeteria will be closed from the end of business on Friday, May 27, to Monday, June 27, for extensive remodeling. The program of alterations and improvement planned will greatly increase the comforts offered patrons as well as the efficiency of operations of the cafeteria. Both the main dining room and kitchen areas are included in the renovation project.

Asphalt Tile In Dining Room

Beginning in the main dining room a complete asphalt tile floor with a marbleized design will be installed from wall to wall. This new flooring not only will be more comfortable for patrons walking through the dining room but also will deaden much of the noise in the room.

The present wooden railings will be replaced by stainless steel equipment. The tray slides along the serving counter, now of maple, will be taken out and a new stainless steel slide installed.

New Equipment In Kitchen

The great bulk of the remodeling, of course, is to take place in the main kitchen area where old equipment is to be replaced by modern devices. First, a quarry tile floor of red is to be installed to cover the entire kitchen, the dish machine and bakery area and extending out to the serving line. A glazed tile wall of pastel green will be installed to wainscoat height and walls repainted above the tiling. The entire ceiling of the kitchen area will be of the hung type and new fluorescent lighting installed.

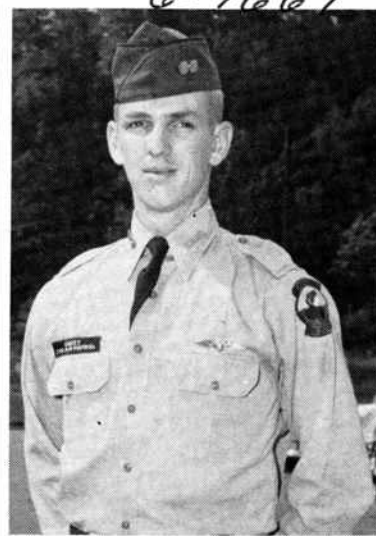

The alterations planned include

TASTY MENUS ANNOUNCED FOR SPECIAL LUNCHES AT Y-12 CAFETERIA

Patrons of the 50-cent Special Lunches at the Y-12 Cafeteria have been promised tasty entrees for the meals to be served tomorrow, Thursday, May 19, and next Tuesday, May 24. For tomorrow the main dish will be Spanish rice and meatballs and on next Tuesday creamed eggs and mushrooms will be served. The Special Lunches also include one vegetable, choice of salad or dessert and rolls and butter.

Son Of Y-12er Gets Trip To Holland As CAP Cadet

Ed Pollard, Jr.

Ed Pollard Selected Outstanding In State

Selected as the outstanding cadet in the Tennessee Wing of the Civil Air Patrol, Ed Pollard, Jr., 17, whose dad is with the Y-12 Research Services Department, has been rewarded with a trip to The Netherlands as a participant in an international exchange program. In this program he will act as a "good will ambassador" for the United States and the state of Tennessee in the project that involves 300 young men from 22 countries.

One Of Many Honors

This latest honor is one of a series acquired by young Pollard in the past year in the field of science and scholastic circles at the Oak Ridge High School, where he is a junior and a "straight A" student.

The Y-12er's son will leave Oak Ridge in time to report at Bolling Air Force Base, near Washington, D. C., for a four-day orientation course on the international exchange program before leaving the United States by air on July 20 for Holland. He will return about August 18.

To Be "Good Will Ambassador"

Notification of his destination came in a letter from Maj. Gen. Lucas V. Beau, National Commander of the Civil Air Patrol. General Beau pointed out the responsibilities resting on the shoulders of the "good will ambassador" and expressed confidence that young Pollard would ably carry out the assignment. The selection as the state's outstanding CAP cadet came from Col. L. L. Brewer, Director of Cadets for the Tennessee Wing.

Ed Pollard has been active in CAP circles for more than two years and now is Cadet Commander of the Oak Ridge CAP Squadron. In attending two state cadet encampments at Sewart Air Force Base, near Nashville, he has won certificates for first aid in life saving and a radio operator's license.

Y-12 Man Is Commissioner

Y-12 also is well represented otherwise in the Oak Ridge Squadron of the CAP. The squadron commander is Capt. Lonnie A. Slover, of Electrical Maintenance, whose two sons and wife also are active in the squadron. The sons are Second Lieut. Robert Slover and Cadet Sgt. Billy Slover. Mrs. Irene Slover also recently joined the outfit.

According to his father, Ed Pollard has shown an outstanding interest in science for several years and has been quite ingenious in carrying out his ideas. He placed second in the recent Southern Appalachian Science Fair, being named reserve champion and winning \$25. His exhibit was called "Experimentation on Vortex Tubes," being a demonstration of flow of air under pressure. Last year he devised a portable X-Ray machine that was highly praised

Carbide Wives To Entertain Guests At Party Tonight

Members of the Carbide Wives will have invited guests attend the meeting of the group to be held at 7:30 o'clock tonight, Wednesday, May 18, in the East Lounge of the Ridge Recreation Hall. The occasion will be the Special Guest Party given by the organization. Special prizes will be awarded winners in bridge, canasta and bingo.

Mrs. J. L. Lowery is general chairman in charge of arrangements for the party. Members of the executive board will be hostesses for the affair and include Mrs. R. E. Webb and Mrs. J. K. White, both wives of Y-12ers; and Mesdames R. P. Wallace, K. E. Rapp, J. M. Groover, T. M. Deal, W. M. Cabbage and W. H. Platt.

10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days:

William A. Eubank, General Utilities, May 21.
Katherine O. Steed, Manufacturing Office, May 22.
George S. Ferrell, General Machine Shop, May 26.

Surplus Property Sale Set By Company On Saturday

The regular bi-monthly sale of Company surplus property will be held from 8 a.m. until noon Saturday, May 21, at the Carbide warehouses on the River Road. The sales are open to the public and a large variety of items are offered. Other sales have been set for the same time on Saturday, June 4, and Saturday, June 18.

Effective with the sale Saturday, May 21, all Carbide employees and those of the Atomic Energy Commission or an AEC cost type contractor making purchases at the surplus property sales must sign a certificate asserting that the buyer has not taken part in the Company's plans for disposal of the items, assisted in preparation for sale of the articles nor the methods of the sale or acquired knowledge regarding condition, quality or value of the property and is not acquiring the items for resale.

New 65 MPH Speed Statute Now In Effect In State

That new Tennessee state speed law of 65 miles per hour during daylight hours and 55 miles per hour after dark for passenger automobiles and a day and night limit of 50 miles for trucks went into effect on Sunday, May 15, and is reported to have been rigidly enforced immediately. It would be well for Y-12 motorists to remember the provision of the new law that places a limit on speed on highways of the state. The new statute on trucks applies to those of more than one and a half ton capacity, with those being included in the passenger car class.

IN THE PICTURE AT LEFT GUESTS AT THE MAY DANCE OF THE Y-12 Girls Club are cutting a mean rug with hot jitterbugging. At right are officers of the club and their escorts. From left are Allen Crouch, guest

from Tullahoma; Virginia Boswell, president of the club; Evelyn "Fiz" Tucker, club vice president; and John Bosson, Electrical Maintenance. The dance at the Oak Terrace drew a big crowd of merrymakers.

The man came around and claimed he has the figures. He 'lows that only 30 per cent of American males prefer blondes—that 60 per cent of them fall for brunettes and that only one guy in 10 will wed a redhead.

Huh, he sure don't take into consideration the trend toward rapid changes in hair hues these here now days.

Oh well, let's get ahead with the business of writing about other people.

MAINTENANCE

The Laundry Department comes clean to report that **Laura Kennedy** is vacationing for a couple of weeks at Lake City . . . The department welcomes **I. P. Smith** and **Hubert Green**, recently transferred to the group.

W. R. Murphy, Electrical Maintenance, is mighty proud over that promotion to Private, First Class, recently won by his son, **Amon Paul Murphy**, stationed with the United States Marines in Japan—he has been in service since March, 1954 . . . Get-well wishes are sent **I. F. Cox**, out ill last week . . . Flock of vacationers—**W. A. Smith**, **W. P. Mattingly**, **W. S. Bryant**, **L. R. Irwin**, **P. J. Messer**, **J. L. Webb**, **W. O. Canant**, **A. E. Morris**, **J. R. Carriger** and **W. W. Smith**.

Automotive Maintenance misses **H. H. Adcock**, still sick last week. **Airman Jack Davis**, son of **J. F. Davis**, Field Maintenance, is home on leave after basic training and will leave soon for his post at Cheyenne, Wyo.

Phyllis Terry, Planning and Estimating, visited her husband at Ft. Jackson, S. C., near Columbia, last week end.

J. C. Knisely, Beta Two Maintenance, also is visiting a son at Ft. Jackson while on vacation . . . Another vacationer is **W. P. Jenkins**.

Alpha Four and Five Maintenance has **E. L. Soard** in Chattanooga, **M. F. Gilliam** at home and **J. M. McMichael** in Mississippi—all vacationing . . . Likewise **A. D. Dean**, **R. K. Kirby**, **J. E. Shoffner** and **R. W. Fain** are away someplace resting.

CHEMICAL

Product Processing welcomes **Marie Pickard** back after being off sick . . . The department is worrying about **Gene Williams**, ill in Oak Ridge Hospital . . . **Nazy Ritter** vacationed last week in that good old Daytona Beach, Fla.

Bobbie McNew has terminated in Chemical to take up full house-keeping duties.

INDUSTRIAL RELATIONS

"**Liz**" Campbell, the Guard Department's blonde bombshell in charge of lost and found articles, lost her appendix last week—but knows it was in St. Mary's Hospital in Knoxville—get-well wishes go to her.

The Fire Prevention and Control Department sends rapid-recovery wishes to **Capt. F. L. Re-**

mine, sick at home in Knoxville.

Meta Butler, Personnel Services, spent last week in Indiana.

C. W. McCollum, Training, also joined the vacationers this week.

MANUFACTURING OFFICE

J. D. Ralston, Plant Records, took time out from playing post-office to take a vacation this week at his home in Strawberry Plains.

The gals in Accountability entertained recent bride **Betty Fraker Walker** with a dinner last week over at the Park Hotel in Clinton.

Betty Heath, Cashier and Travel Office, is glad that her brother is home for a few days after about 20 months in service—he is stationed at Lincoln, Neb.

J. R. Rutter, Property, and family are vacationing this week at Norris and the Smokies.

Ross Eichorn, Property Sales, was gadding about in New York and Cleveland (the Ohio one) last week.

Material Control and also Stores reports jointly that **H. J. Hall** is out sick—so are **R. L. Eachus** and **G. F. Nelson** . . . **Clarence Jarnagin** visited his brother and family down in Wauchula Springs, Fla., last week.

Fred Herrin, **F. N. Haynes** and **R. B. Eversole**, Production Inspection, are vacationing this week.

TECHNICAL

Walt Lovell is a Project Engineering vacationer of the week.

B. Kuperstock has been transferred to and welcomed by Instrument Engineering.

Mechanical Engineering sends get-well wishes to **J. C. Thomas**, who was among the ailing last week.

Harold Little, Health Physics, went over to Nashville for vacationing purposes . . . **J. E. Parham** and **J. P. McMillan** also are vacationing—but where?

Dick Seagren, ADP Development, is moving his family from Gary, Ind., to their new home in Kingston.

SUPERINTENDENTS

Dan Rader, Y-12 Plant Shift Superintendent, vacationed last week up to his old stompin' grounds at Charleston, W. Va., to visit his parents.

MECHANICAL OPERATIONS

If there are any fish left in waters around these parts—it ain't the fault of Mechanical Operations Division anglers . . . **R. E. Gibson** and **O. R. Chambers** caught 16 on a recent Saturday, everything from largemouth bass to catfish—Gibson is worried that if the fish don't stop biting he won't ever get his houseboat built . . . **H. M. Zimmerman** has found fishing good in the Clinch River since he bought that little farm and plowed up a bunch of worms for bait . . . **B. M. Stockton** says it never rains but pours—after 12 years of little or no success in fishing he journeyed over to Dale Hollow and came back with 30 (fish, that is) . . .

B Mechanical Operations E Shifters Enjoy Fish Fry

E Shift employees in the B Mechanical Operations Department staged a fish fry at Big Ridge Park on Saturday, May 7, those attending declaring the shindig to be a whopping success.

The fish were supplied by **L. C. Hale**, **J. E. Johnson**, **E. V. Hark** and **G. L. Hatcher**. "Big Chief" Hale did the fish cooking with **C. C. Shipley** being the principal hush-puppy mixer, aided by a few odd hands.

During the day various games were staged, including softball, badminton, volleyball and the old picnic favorite of horseshoe pitching. **C. H. Door** and **C. L. Myers** claimed the championship in this event.

Music was provided by **J. A. Lewis** and his daughter, **Brenda**.

The E Shift outfit now is discussing plans for a watermelon cutting in the near future.

NEXT . . . **J. C. Loope** caught, he says, his limit in crappie (one) . . . **J. J. Brock** did better with 10 bass and seven crappie . . . **L. V. Driver** and wife are vacationing in Cullman and Birmingham, Ala., and he hopes to wet a line at Wheeler Dam . . . Another gent with designs on the finny tribe is **R. S. Owens**, who is vacationing for a week at Cumberland Lake, Ky., and at Fontana, N. C. . . . Get-well wishes go to **J. H. Davis** and **L. H. Rogers**, the latter still hospitalized at Asheville, N. C. . . . Home building and moving also hits the news . . . **J. L. Kendall** and **J. L. Donahue** are moving to Knoxville from Oak Ridge . . . **W. L. Adkins** has bought a new home in Harriman . . . **E. D. Folden** spent a week-end painting his new home in Knoxville . . . **E. J. Holt** is starting a new home in Knoxville while vacationing for a week . . . **J. R. Lawley** is helping his dad start a new home over at Kingston . . . **W. B. Rutherford** and **H. H. Specht** may have gotten some home building ideas from the Knoxville Home Show recently . . . **Mavis Koons** and her hubby, **Ol' Grandpappy Elmore**, motored down to Atlanta a few days ago for a peek at their very beautiful grandson, **Elmore Koons, III** . . . **Willie Green**, **Bernie West**, **H. E. Cornell** and **J. L. Gilliam** attended the Metals Processing Conference at U-T in Knoxville . . . **A. E. Harrell** and family are vacationing in Detroit, Mich. . . . **J. W. Henderson** is doing likewise at his Fountain City home . . . **O. N. Shultz** and family visited his mother down Athens, Tenn., way a couple of Sundays ago . . . **Curt Ridings**, manager of the Sunflowers softball team, is going around thanking one and all and sundry contributors to the fund to buy monkey suits for the athletes.

D Mechanical Operations reports **E. E. Kennedy** also was a visitor at that metals conference in Knoxville . . . **H. W. Clear** went north of the Mason-Dixon Line for vacationing purposes . . . **R. L. Burrell** stayed around home in Oak Ridge . . . **J. E. French** likewise at Clinton . . . Departmental anglers also are active but success

Continued on Page 4

Get-well wishes were sent last week to the following Y-12 employees who were patients in the Oak Ridge Hospital:

J. R. Day, ADP Development; **H. D. Pierce**, **Charles B. Davis**, **Charles F. Chandler** and **J. S. Dunlap**, Field Maintenance; **C. H. Wade**, Beta Four Maintenance; **J. J. Winslett**, B Mechanical Operations; **Edwin J. Garrett**, Steam Plant; **Charles F. Phillips**, D Mechanical Operations; **E. E. Burns** and **Toney Gable**, General Machine Shop; **Eugene M. Williams**, Product Processing.

B Shifters Making Plans For Big Picnic On June 9

Employees on the B Shift are making plans for a lot of fun at a shift picnic to be held Thursday, June 9, at Duke's Pellissippi Boat Dock on Norris Lake. The fun will start at 9 a.m. and continue throughout the day. The swimming pool and picnic area have been reserved by the Shift Recreation Committee for the day.

All employees on the B Shift are asked to obtain a card from a member of the Shift Recreation Committee, headed by **Carl Frazier**, and fill it out to show how many members of their families plan to attend the picnic. The B Shift folks held a fishing rodeo last Thursday and the B Bombers, the shift softball team, sponsored a dance the same night.

Final Playhouse Production Set For Coming Week End

"My Three Angles," a comedy by the Spewacks, will be presented by the Oak Ridge Community Playhouse this week end at the Jefferson Junior High School. The performances, beginning at 8:20 p.m. on Thursday, Friday and Saturday, May 19, 20 and 21, will be the last of the season for the Playhouse.

The annual summer cabaret show will be given by the amateur theatrical group on June 16, 17 and 18 and again on June 22, 23, 24 and 25. A unique orpgram is being prepared for this production.

ORNL Scientists To Talk At Physics Seminar Meet

R. W. Peelle, of the Oak Ridge National Laboratory Physics Division, will speak at the weekly meeting of the Oak Ridge Physics Seminar to be held Friday afternoon, May 20. The meeting will be at 3:15 p.m. in the auditorium of Bldg. 4500, ORNL. The subject of discussion will be "The Interpretation of Experimental Differential Cross-Sections for the Scattering of Medium Energy Protons of Carbon." All Y-12ers interested in the subject are invited to attend the seminar session.

Dickie Bowman

Y-12er's Son Breaks High Jump Record At Howard College

Another son of a Y-12 dad is making good in sports at college. He is Dickie Bowman, son of Carl Bowman, Research Services, who is currently starring on the Howard College, Birmingham, Ala., track team. In a recent meet against William Carey College, young Bowman broad jumped 22 feet, 1-3/4 inches to set a new college record. He has not been defeated in this event this season.

Dickie Bowman is a freshman at Howard and last fall made the second string squad in football, after his parents had no idea he was going to try out for the team. In fact, the first they knew of the youngster's gridiron activities was a letter from Mexico City where he had made a trip with the Howard team to play the University of Mexico.

Dickie Bowman lettered at Oak Ridge High School in track, baseball and football in his senior year, graduating in 1954. He was president of the senior class.

C Loop Hot Wires Trounce All Stars

The Hot Wires, champions of the C League of plant bowlers, last week knocked off the All Stars, B League titlists for the season, in a league roll-off. The win gave the Hot Wires the leagues championship of the Y-12 Plant for the season.

The C League champs had a handicap edge of 194 to 170 over their B League rivals, but after a sputtering start the Hot Wires tightened their connections and swept both scratch and handicap honors from the faltering Stars. The game scores, handicap and scratch for the Hot Wires were 726-920, 813-1007, 799-993 for a total of 2338-2920. The All Stars had 808-978, 695-865, 742-912 for series tallies of 2245-2755.

Williams, Hot Wires, had the top individual scores of the night with a 575 scratch and 662 handicap series. A 232 scratch game was coupled with 146 and 195 for his mark. Briscoe, All Stars, led his team with a scratch run of 206, 148, 168-522, which with his handicap gave him 627.

LINDE SKINNER EFFECTIVE

A huge 30-ton skinning machine developed by the Linde Air Products Co., a Division of Union Carbide and Carbon Corporation, rushes red-hot steel billets through hundreds of tiny oxy-acetylene flames and oxygen to burn off scale and other imperfections right on the roll line of the steel mill. Skinning once was a tedious operation done by men using long-handled chisels or grinders.

Martel Site Of Golf Tourney Saturday

No Entrance Fee But Green Fees Are \$1.25

The second week-end golf tournament of the season for Y-12ers, to be held Saturday of this week, May 21, at the Martel course, is expected to draw a record crowd of divot diggers from Oak Ridge, Knoxville, Rockwood, Harriman and other communities in which Y-12 golfers reside. Play will begin at 7 a.m. and all entrants must be away from the first tee by 9 a.m.

There is no entrance fee for the tournament and the greens fee at Martel is only \$1.25. This fact alone is expected to be a drawing card.

Three divisions of play have been set up for the tournament, based on handicap scores of the golfers. The first division will include players with handicaps from scratch to 10, the second for players handicapped from 11 through 24 strokes and the third for those with handicaps of from 24 through 36 or more.

Handsome prizes will be awarded the winners in each division, including golf caps, golf balls, sport shirts, rain jackets and shag bags. Prizes will be presented the low scratch and handicap players in Division No. 1 and No. 3 while in Division No. 2 awards will be made in the same categories for the first four places. A lucky number drawing also will be made.

Boyd-Oliphant Top Ridge Golfing Loop

Although idle last week, the Boyd-Oliphant team took over the lead in the Y-12 Plant Golf League in Oak Ridge with a 9-3 mark, the same as the previous week. That team and the McLendon-Underwood duo were unable to play as scheduled last Wednesday, but were slated to finish their business on Monday of this week. In other matches last Wednesday the Orrison-Saylor pair took six points from Snyder-Ratjen to gain a tie for second place with Holzknicht-Peckman, who grabbed three from Hines-Emlet. Smith-Koons took three from Peterson-Patterson.

The schedule for Wednesday, May 25, follows:

Boyd-Oliphant vs Mitchell-Matthews. Holzknicht-Peckman vs Ratjen-Snyder. McLendon-Underwood vs Patterson-Peterson. Smith-Koons vs Orrison-Saylor. Hines-Emlet draw the bye.

In play last week Art Hines had a 38 scratch for low. Bob Orrison and Harvey Saylor tied with 33s for best handicap score.

League standing follows:

Team	W	L
Boyd-Oliphant	9	3
Holzknicht-Peckman	12	3
Orrison-Saylor	12	6
Hines-Emlet	10	8
Ratjen-Snyder	9	9
Mitchell-Matthews	6	6
Smith-Koons	5	13
Peterson-Patterson	3	10
McLendon-Underwood	0	6

DID YOU KNOW THAT?

AUTO INSURANCE RATES ARE MADE ON THE CITY STREETS, IN THE SUBURBS, AND ON THE HIGHWAYS BY YOU AND ME. COMPANIES COMPUTE PREMIUMS FROM OUR ACCIDENTS, CLAIMS, AND COSTS.

MAIN STREETS REPRESENT ONLY 1 PER CENT OF ROADS IN THE U.S. THEY CARRY 39 PER CENT OF THE TRAFFIC.

THIS WHOPPER OF A LARGE-mouth bass lost his last battle in a scrap with Fred Williams, of the Y-12 General Machine Shop, in an engagement at Ft. Loudoun Lake a few days ago. A Bomber Plug 400 lured theunker to his doom and the catch is a strong contender for first honors in the Y-12 Annual Fishing Contest. Full details and entry blanks for the contest may be obtained from the Y-12 Recreation Office, Bldg. 9704-2, telephone 7751.

Horseshoe Hurling League Will Open Season Thursday

Enthusiasm is high in the ranks of the Y-12 Horseshoe League, scheduled to begin pitching at 6:30 o'clock tomorrow night, Thursday, May 19. Eight teams are slated to open the season at the Oak Ridge pits on the tennis courts near Townsite. A 14-week season will be played with five games each night.

Among the eight horseshoe hurling teams entered in the league are a pair of filly combinations. The lassies are primed for action and promise to give the men a run for their money.

Teams entered are the Sliders (Charley Gillihan-Al Bissell), Kickers (Avery Kendig-Elmer Green), Catheads (M. B. Hilton-E. V. Hawk), Ringers (Bob Cantrell-Carl Coley), H. & H. (H. L. Horton-W. D. Hackett), Leaners (Ruby O'Kain-Nell McGinnis), Sneakers (Katie Williams-Betty Whitehorn) and Pioneers (Jim Haggard and partner).

M. B. "Wimpy" Hilton, a horseshoe pitcher from 'way back, was elected president of the league at an organizational meeting last Thursday. Gillihan was named secretary.

Pioneers Select Sherman As Pilot

Roger Sherman, of the Y-12 SDA Development Department and a former semi-professional baseball player from Massachusetts, has been named temporary manager of the Oak Ridge semi-pro team to be organized for independent play this summer. The Oak Ridge team, to be known as the Pioneers, will schedule games with all of the leading outfits in this section of the state and Sherman says he hopes to field a team of comparable ability to a Class C professional club.

Backers of the Pioneers also are interested in fielding Junior League teams for the season with the youngsters playing parts of twilight double-headers with the semi-pro team.

Tiller-E. Roberts Lead Roane Golfers

After two rounds of play in the Roane County Golf League for Carbide players, the duet of Arnold Tiller and E. Roberts went into the lead with six points won and none lost. The schedule for the May 22-28 period follows:

Mee-Owings vs Tiller-E. Roberts. Kahley-Saylor vs Ellis-Ang-

Five Y-12 Plant Softball Leagues Teams Remain Unbeaten In Second Week Play

Calibre Of Play Improves As Season Progresses; Dirty Niners Take Extra-Inning Thriller By 2-1

Five teams remained unbeaten through last Thursday night in the two Y-12 Plant Softball Leagues. The calibre of play generally improved although some more lopsided scores were posted in several of the 13 games played during the seven-day period. The first postponements because of weather came last Thursday and Friday when rain drowned out scheduled action at Pinewood Park.

The Dirty Niners added two victories to their belt to take over undisputed lead in the American League. The Uranium Control Junior Varsity held second place with a pair of wins and no losses. In the National League Beta Four and the Ridgerunners were tied for top spot with three wins and no losses each. Beta Two was breathing down the necks of the leaders with a pair of wins and no defeats.

Cook And Sise In Duel

The Dirty Niners participated in two of the best games of the week. It took them eight innings to nose out the Rebels by 2 to 1. Cook, Dirty Niner hurler, and the veteran Ed Sise hooked up in an old fashioned pitching duel all the way. In the extra round Cook walked, Sigmon singled and the hurler scored on a wild throw. The Dirty Niners also were forced to the limit to trim the Bombers by 7 to 5 in another good one.

Bill Ramsey twirled a one-hitter for the best mound performance of

the season as the Bombers blasted ADP by 19 to 1.

The D Doodies piled up the top score of the week with a 26 to 8 win over the Madcaps. Beta Four was right behind with a 25 to 2 triumph over the Engineers and the Sunflowers counted 24 times to a single tally by the Wildcats.

League standings and results through last Thursday night follow:

AMERICAN LEAGUE			
Team	W	L	
Dirty Niners	3	0	
UCJV	2	0	
Sunflowers	3	2	
Vols	2	2	
Rebels	2	2	
Bombers	2	2	
ADP	1	3	
Wildcats	1	3	
Steamers	0	2	

NATIONAL LEAGUE			
Team	W	L	
Beta Four	3	0	
Ridgerunners	3	0	
Beta Two	2	0	
D Doodies	1	1	
Madcaps	1	3	
Engineers	1	3	
Sparkplugs	0	2	
Bums	0	2	

AMERICAN LEAGUE RESULTS

SCHEDULE FOR SOFTBALL Leagues For Week Beginning May 23

MONDAY, MAY 23, PINWOOD
10 a.m., ADP vs Sunflowers.
6 p.m., Beta Four vs Bums.
7:30 p.m., Dirty Niners vs Vols.
9 p.m., Wildcats vs Steamers.

TUESDAY, MAY 24, PINWOOD
5:30 p.m., Dirty Niners vs UCJV.
7 p.m., D Doodies vs Bums.
8:30 p.m., Rebels vs Vols.

WEDNESDAY, MAY 25
6 p.m., Wildcats vs Vols.
7:30 p.m., ADP vs Steamers.
9 p.m., Sparkplugs vs Engineers.

THURSDAY, MAY 26, PINWOOD
Make-up games if needed.

FRIDAY, MAY 27, PINWOOD
7 p.m., Rebels vs Steamers.

Divot Diggers Lead Knox Golf Circuit

Matches reported by the Y-12 Plant Golf League at Whittle Springs, Knoxville, last week had the Divot Diggers still on top with the Eagles in second place. Results showed the Eagles taking three points to two for the Lost Balls, Jets trimming the Borights 2-1 and the Aces downing the Birdies 2-1.

The schedule for the week beginning May 25 follows:

Aces vs Par Busters. Bogeys vs Borights. Divot Diggers vs Jets. Birdies vs Eagles. The bye is drawn by the Lost Balls.

Latest league standings follow:

Team	W	L
Divot Diggers	3	0
Eagles	5	1
Jets	2	1
Birdies	4	2
Borights	3	3
Aces	3	3
Par Busters	1	2
Bogeys	0	3
Lost Balls	0	6

lin. R. Roberts-Pletz vs Parker-Guinn. Cromer-Martin vs Hamil-Mackey.

League standing after two rounds of play follows:

Team	W	L
Tiller-E. Roberts	6	0
Ellis-Anglin	5	1
Mee-Owings	3 1/2	2 1/2
Hamil-Mackey	3	3
Kahley-Saylor	2 1/2	3 1/2
Cromer-Martin	2 1/2	3 1/2
Parker Guinn	1	5
R. Roberts-Pletz	1/2	5 1/2

Interest Growing In Y-12 Tennis

Interest seems to be growing in the tennis situation around Y-12 as several prospective entrants in ladder competition filled out the blank published in The Bulletin last week, signifying they would like to participate in the sport. The blank again is being published this week on Page Four and "anyone for tennis" Y-12ers are urged to report their feelings in the matter.

In the tennis ladder original positions are determined by draw. Then any player on a lower rating, or rung, on the ladder, may challenge a player with a higher position. Competition may be in either singles or doubles.

stories are few . . . R. T. Goodpasture waded all over Swan Pond Lake but all he got for his trouble was exercise and an appetite . . . A. B. Anderson caught, it is declared, a fish in Poplar Creek but when he got the creature on the bank it decided it liked its native habitat better — so jumped right back in . . . M. Patterson tried the fishing in Little Emory River with unreported results . . . Hence Mitchell is remodeling his Oliver Springs home . . . The Ol' Trader R. F. Underwood is said to be looking around for someone on which to swap off a wooden leg and an armchair—any takers? . . . J. W. Rolston's brother, hurt in a tractor accident recently, is getting along nicely . . . J. Claiborne has his garden planted and has time for other outdoor activities now . . . C. S. Jackson visited his sister in Harriman last week . . . H. D. Key-lon is doing jury duty at Kingston. . . The department welcomes S. M. Rodgers, J. M. Patterson, J. D. Campbell, A. W. McGinnis, G. T. Pyle and C. T. Oglesby.

The General Machine Shop and friends all around the place extend condolences to Jim Thorpe, whose mother, Mrs. Jane Thorpe, died recently in Oregon—she was buried in Denver, Col. . . Also to W. J. Grigsby, whose brother, J. A. Grigsby, died at Bulls Gap, Tenn. . . More cheerful news is the congratulations passed out to Elmer Killion, who has a new son born recently at Oak Ridge Hospital weighing seven pounds, four ounces . . . O. K. Sergeant entertained his sister and family from California while vacationing . . . Get-well wishes to W. H. Donahue, W. J. Barker, C. C. Chamberlain, H. G. Richards and F. E. Shipley, Jr. . . C. C. Hickey and C. J. Ward are vacationing . . . Newcomers William Scruggs, C. L. McCarty, F. B. Styles and R. R. Moore are welcomed.

ALLOY

J. K. White, Colex Operations, is vacationing at Pittsburgh, Pa. . . E. W. Murray is over at Clinton.

A two-month visit to her family in Sweden is being taken by Mrs. Ruby Whitwell, wife of C. D. Whitwell, Alpha Four.

Ol' Honest Humphrey just phoned to remark, to wit: "They found \$1,000 sewn up in her bustle—it was a lot of money to leave behind."

(He's got a whole book full of 'em like that. So this is goodbye for time out to read it over the week end.)

Many Y-12ers To Hike On Armed Forces Day

Continued from Page 1

Oak Ridge High School and the two junior high schools of the city. Boy and Girl Scouts, Campfire Girls, Civil Defense units, the Red Cross and other groups also will be in the line of march.

Admiral Hamilton To Review

Rear Admiral Van Hamilton, USN, Retired, will be the chief reviewing officer of the parade and among the 16 persons invited to share the reviewing stand will be Clark E. Center, Vice President of Carbide and Carbon Chemicals Company; J. P. Murray, Y-12 Plant Superintendent; A. P. Huber, K-25 Plant Superintendent; Dr. C. E. Larson, Oak Ridge National Laboratory Director; Logan B. Emlet, Carbide Production Manager; T. E. Lane, General Superintendent of Industrial Relations for Carbide in Oak Ridge.

Jet planes of the Air Force at McGhee-Tyson Air Force Base are scheduled to fly over the parade beginning about 10:15 a.m. and again 30 minutes later.

"IT TOOK ME 64 YEARS TO HIT THE JACKPOT," SAID JESSE DURRETT, head chef at the Y-12 Cafeteria, as he was given a surprise by fellow employees on his—yes, he admits it—64th birthday a few days ago. The girls around the Cafeteria dressed up a dummy chef, cap and everything, and decorated it with "lettuce"—the kind he liked. From left are Vena Mae Summitt, Evelyn "Fiz" Tucker, Durrett and Madeline Tackett.

This is another of a series of questions and answers concerning operations of the Y-12 Employees Credit Union to be published from time to time in The Bulletin. The heading depicts the financial umbrella provided by the Credit Union in case of any stormy weather.

Question: How much can I borrow on my signature?

Answer: If you have been an employee of Y-12 for one year or more, you can borrow \$300 on your signature. If you have been an employee for less than one year then it will be necessary to obtain a co-signer who has been an employee for more than a year.

Cafeteria To Close For Remodeling Work

Continued from Page 1

moving of the salad and bakery areas from the ground floor to the main level of the cafeteria.

More Efficient Operations Seen

New equipment to be installed with the objective of better and quicker service will include ranges, baking ovens, roasting ovens, mixers, deep fat fryers and stainless steel sinks. The present steam and pressure cooking equipment is to be retained. All of the new and retained equipment is to be arranged for more efficient operations.

During the period the cafeteria is closed, the Cafeteria Department employees have arranged their vacations. For the balance of the period temporary job assignments elsewhere in the plant will be arranged.

It is believed that the patrons as well as the cafeteria personnel will be pleased with the results of the improvements to be made.

WHY TRAFFIC CONGESTS

There were 58,129,000 motor vehicle registrations in the nation last year and more than 44 billion gallons of gasoline were used by them.

Son Of Y-12er Gets Cadet Trip To Holland

Continued from Page 1

when shown at the Tennessee Junior Academy of Science at George Peabody College in Nashville, where it won honorable mention. An essay on this work also won Ed Pollard a certificate from the Future Scientists of America Foundation, sponsored by the American Society for Metals.

School Activities Are Numerous

Don't for a minute think that young Ed Pollard's scientific achievements have deterred him from other scholastic activities. He is a member of the Oak Ridge High School varsity football squad and belongs to several school organizations, including the highly regarded National Honor Society. With his younger brother, Gary, he is a color guard for the high school and Gary also is a cadet in the Oak Ridge CAP.

As a member of the Oak Ridge Student Council, Ed Pollard is scheduled for an even earlier trip this year—as he will attend a National Student Council meeting in Ardmore, Pa., near Philadelphia, June 10-17.

On High School Paper Staff

Young Pollard also has quite a flair for the newspaper business, it seems. He has written several feature stories for the Oak Leaf, ORHS paper, as well as serving as business manager for the publication. He also has written articles on "Better Government in Tennessee" which were published by The Nashville Banner.

Ed Pollard has obtained all of his schooling in Oak Ridge, starting out at Pine Valley grade school 11 years ago. He attended Jefferson Junior High School before going to ORHS.

It is for sure that the wishes of young Pollard's many friends in Oak Ridge and those friends of his father here in Y-12 go with the youngster on his trip abroad—where those friends are certain he will be credit to the role of "good will ambassador."

A California restaurant has equipped all its tables with scrabble games. Losers pay the checks.

"I told you to get rid of those two rabbits we gave the kids for Easter!"

THESE ATTRACTIVE YOUNGSTERS OF Y-12 PARENTS WERE AMONG the cast of a class play given last week by the third grade pupils of Mrs. Flora Crabtree at Elm Grove School. From left the youngsters, with their father's names in parentheses, are Leslie Matthews (Lamar), Joe Davis (W. E.), Diane Fogel (Sterling), Gordon Cobb (Billy), and Karen Strohecher (J. W.).

Y-12ers Seen Finding Many Uses For Awards

Continued from Page 1

out. Then 406 of the neater ones retired to their domiciles to shine their shoes with the fine kits they selected, qualifying, no doubt, as Chattanooga shoe shine boys.

Of course, fishing attracted many and 370 anglers found their landing nets just the thing for fishing—or butterfly chasing. These activities sent 318 of the feminine contingent to use their fancy comb and brush sets while 263 more went back to the lakes or streams to see how attractive their sets of fishing spoons were to the finny population. Again the feminine contingent reverted to the use of cosmetics with 249 of them daintily using their new compacts to primp up after all that violent exercise.

Dr. Cyril Comar Will Talk To RESA Chapter On Tuesday

Dr. Cyril Comar, a pioneer in radioisotope studies in biochemistry, will speak at a meeting of the Oak Ridge Chapter of the Research Society of America next Tuesday night, May 24. The meeting will be at 8 o'clock in Room 18 of the Oak Ridge Institute of Nuclear Studies Training Building on Administration Road. The public is invited to hear Dr. Comar, whose topic will be "Radioisotopes in Studies of Bone and Mineral Metabolism."

Clear vision—avoid collision.

Rides Wanted, Offered

Two Riders Wanted — From Burlington and Park City sections of Knoxville to East or West Portals, straight day. D. L. Folk, plant telephone 7954, home telephone 2-6212, Knoxville.

Ride Wanted or Will Join Car Pool — From Highland View School vicinity, Oak Ridge, to East, North or Biology Portals, straight day. Gene Hicks, plant telephone 7-8614, home telephone 5-0044, Oak Ridge.

Ride Wanted — From Athens, Tenn., to any portal, straight day. C. E. Leatherwood, plant telephone 7-8525.

Riders Wanted — From North Hills section, Knoxville, to any portal, D Shift. Cecil Clowers, home telephone 2-8294, Knoxville.

Riders Wanted Or Will Join Car Pool — From vicinity New York, Pennsylvania or Utah Aves., Oak Ridge, to Central Portal, straight day. R. T. Cantrell, plant telephone 7-8241, home telephone 5-1700, Oak Ridge.

Ride Wanted — From vicinity North Shore Drive and Harvey Road, Boyd Community, straight day. Irene Reed, plant telephone 7255, home telephone 5-3733, Knoxville.

Riders Wanted Or Will Join Car Pool — From Elm Grove School, Oak Ridge, to Central or West Portals, D Shift. H. J. Gilliam, plant telephone 7639, home telephone 5-3725.

He has not learned the lesson of life who does not every day surmount a fear.—Emerson.

Tennis Ladder Application

Room 221, Bldg. 9704-2

I am interested in helping to organize and play in a Y-12 tennis ladder.
